IC Compliance Statement

Texas Instruments Incorporated Education Technology declares under our sole responsibility that all products and its accessories conform with the requirements of Industry Canada ISED – RSS-Gen, RSP-100, RSS-102, RSS-210.

This device complies with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-3 (B) / NMB-3(B)

Radio Frequency Exposure

This device meets the Innovation, Science and Economic Development Canada requirements for exposure to radio waves and is designed and manufactured not to exceed the emission limits for exposure to radiofrequency (RF) energy. To comply with Canada RF exposure compliance requirements, this device must not be co-located or operating in conjunction with any other antenna or transmitter.
